**Distinctive Courses in this Major**

**EDUC 3030 Teaching Exceptional Learners 3 credits**

This course is designed to prepare candidates to work collaboratively with families and school personnel to have a positive impact on the educational, social and behavioral development of all students, including those with a full range of disabilities and in a diverse society. The course focuses on knowledge of legislative mandates for serving exceptional students, characteristics of exceptionality, best practice in facilitating teaching and learning, and accountability through assessment of outcomes. **There are 60 required field hours in this course. This course cannot be passed without verification of completion of field hours. Admission to TEP required.**

**EDUC 3200 Curriculum and Assessment 3 credits**

This course will engage students in the investigation of curriculum, instruction, and assessment development with an emphasis on student learning outcomes. This course will review assessment methods relative to constructing, evaluating and interpreting tests with an understanding on reliability, valid and fair measurements; descriptive and inferential statistics, and state competency testing. Students will cover knowledge management and methods for integrating technology into assessment practice. **There are 60 required field hours in this course. This course cannot be passed without verification of completion of field hours. Admission to TEP.**

**MGED 4100 Methods & Research in Middle Grades Education 3 credits**

Teacher candidates will advance their practical understanding of educational research specific to MG Education and the theories of teaching and learning. The course introduces the language of research, ethical principles, and elements of qualitative and quantitative research approaches. Candidates will use these theoretical underpinnings to begin to critically review and use literature related to research-based methods relevant to their MG content areas in planning, instruction, and assessment. Candidates will prepare a develop a research proposal.
